# MONTHLY THEMES

## Valentine's Day

Love is in the air. Make sure everyone is feeling the love during this holiday. Offer free tastings, send out Valentine's day cards to employees, and share the love. Drop a card in each grocery bag with your contact info.

[Valentine's Day Snack Board](#)

## Heart Health

This month highlight foods and meal prepping techniques that support heart health. Connect with a local medical center to offer cholesterol and/or blood pressure testing. Offer heart healthy grocery store tours.

# RECIPE INSPIRATION

Looking for healthy, family-friendly recipes to share with shoppers?  
Our recipes are approved by a registered dietitian, taking the  
guesswork out of planning healthy and delicious meals!

Turkey & Kale Quinoa  
Stuffed Peppers

Pear and Almond  
Overnight Oats

Mediterranean Lentil  
Salad

## Promote Heart Health Month

*Throughout the whole store*

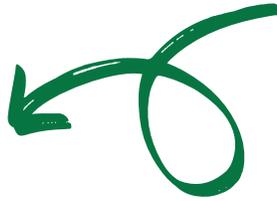

Create shelf tags to highlight heart-healthy items throughout the store. What makes something qualified as "heart-health" Utilize the guide from American Heart Association.

# whats in season

# february

**Print the "Whats In Season" and hang in the produce department**

Put a sign next to the avocados of how to tell if an avocado is ripe.

Avocados are heart-healthy. Try substituting fresh avocado in sandwiches, on toast, or as a spread in place of many other popular foods to reduce your intake of saturated fat, cholesterol, sodium, and calories.

The leaves on cauliflower are edible, but they do have a stronger flavor, somewhat similar to collard greens. Instead of throwing them away, you can save them to make stock. The same goes for the stems.

*Recipe inspiration: [Buffalo Cauliflower Lettuce Wraps](#)*

Botanically, eggplant is a berry, just like blueberries, watermelon, or tomatoes. In botany, a berry is a fruit in which the entire ovary wall ripens into an edible, relatively soft pericarp. Culinarily, it's a vegetable, as it's used in main dishes and not eaten for sweetness.
